

JOIN THE JDRF AUSTRALIA PEER SUPPORT PROGRAM

JDRF's Peer Support Program is a volunteer network that connects people in the T1D community.

T1D can be a frightening and overwhelming experience.

Access an opportunity to talk to someone who understands and can give practical advice at jdrf.org.au/peersupport.

“It’s so important for newly diagnosed families to have a support system and know they can call someone, even if they don’t need to. I’m honoured I can provide that very worthwhile comfort for a family in those dark post diagnosis months.”

– Sally Wooden,
Peer Support Mentor
